Message

The effect of COVID-19 pandemic in the last three (3) years made a significant impact in the lives of Filipino people as well as the economy of the region. During that period, a shift in the alignment of the government's budget has been made focusing all for COVID-19 efforts. The region faced the challenges brought about by the COVID-19 pandemic: increase the number of poor families, loss of income, job opportunities, rising commodity prices, disruption of education and health services, among others.

Amidst these challenges, the region swiftly made an adjustment to bounce back and recover its economy, and businesses maximized the benefits of technologies through online transactions.

As such, the Regional Development Council for the National Capital Region (RDC-NCR) formulated the Regional Development Investment Program (RDIP) 2023-2028 comprising priority programs, projects and activities (PPAs) to be implemented by the agency

regional offices in Metro Manila in the next six (6) years to enhance and stimulate the economy of the region that will entice more investment, generate jobs, and improve service delivery.

Furthermore, the RDIP will serve as the principal reference of the RDC during the annual conduct of budget proposals of the regional line agencies (RLAs) and state universities and colleges (SUCs). This will also help to ensure that the proposed programs or projects contribute to operationalize the strategies and achieve the targets laid out in the Regional Development Plan for the National Capital Region (RDP-NCR) 2023-2028 which is in line with the development priorities of the region consistent with the 8-point Socioeconomic Agenda of President Marcos, Jr. Administration as integrated in the Philippine Development Plan (PDP) 2023-2028 and long-term vision of AmBisyon Natin 2040.

As the Chairman of the RDC-NCR, I would like to extend my utmost gratitude and appreciation to the concerned stakeholders, the RLAs, SUCs, local government units (LGUs), private sector and non-governmental organizations for the unwavering support that made the realization and completion of the RDIP for the region.

We are counting on everyone's support to work together to realize these priority PPAs to reap the benefits such as growth economy, sustainable economy and job opportunities to achieve a *Matatag, Maginhawa, at Panatag na Buhay Para sa Lahat!*

ATTY. ROMANDO S. ARTES, CPA
RDC-NCR Chairperson and MMDA Chairman

Acknowledgment

The Regional Development Investment Program for the National Capital Region (RDIP-NCR) 2023-2028 is a product of collaboration and dedication of the members of the Regional Development Council (RDC) - NCR and its development partners from various government agencies, private sector, civil society organizations, academe, and local government units in the Region.

A heartfelt recognition and appreciation to all officials and staff of the local government units (LGUs), agency regional offices (AROs), and state universities and colleges (SUCs) for their unceasing cooperation and selfless commitment to providing the needed inputs for the formulation of the RDIP-NCR 2023-2028.

To the officials and members of the RDC-NCR Sectoral Committees on Social Development, Economic Development, Environment Development, Finance and Development Administration, and Infrastructure Development, we deeply appreciate their commitment and contribution.

Sincere salutations and enormous gratitude are also extended to the officials and members of the RDC-NCR for their time and invaluable support for the development and priorities of the Region, as demonstrated through the adoption and endorsement of the RDIP-NCR 2023-2028.

Lastly, the formulation and publication would not have been possible without the RDC-NCR Technical Secretariat led by Atty. Victor Pablo C. Trinidad as the Officer-in-Charge of the Office of the Assistant General Manager for Planning (OAGMP) of the Metropolitan Manila Development Authority (MMDA) through the Metropolitan Development Planning Service (MDPS) headed by Director Shiela Gail Satura-Quingco. Their in-depth review and extensive inputs provided during the evaluation resulted in a more responsive and comprehensive list of PPAs.

REGIONAL DEVELOPMENT COUNCIL NATIONAL CAPITAL REGION

“Where Metro Manila goes, so the country goes”

RDC-NCR RESOLUTION NO. 10

Series of 2023

APPROVING AND ADOPTING THE REGIONAL DEVELOPMENT INVESTMENT PROGRAM FOR THE NATIONAL CAPITAL REGION (RDIP-NCR) 2023-2028

WHEREAS, Executive Order (EO) No. 113, Series of 2002 constituted the Metro Manila Council to serve and function as the Regional Development Council (RDC) for the National Capital Region (NCR);

WHEREAS, the Council shall coordinate the preparation, implementation, monitoring, and evaluation of medium-term and long-term development plans and investment programs as mandated by the said EO;

WHEREAS, the medium-term development plans shall be anchored on *Ambisyon Natin 2040* to ensure sustainability and consistency of strategies, policies, programs, and projects across political administrations;

WHEREAS, the RDC-NCR approved and adopted the Regional Development Plan for the National Capital Region (RDP-NCR) 2023-2028 which is the medium-term plan that guides the development direction of the region through the issuance of Resolution No. 09, Series of 2023 on 06 October 2023;

WHEREAS, the Regional Development Investment Program for the National Capital Region (RDIP-NCR) shall translate and operationalize the strategies and outcomes of the RDP-NCR into viable programs and projects (P/Ps);

WHEREAS, the RDC-NCR approved and adopted the planning guidelines for the formulation of the RDIP-NCR 2023-2028 which included the planning process, content, and timetable through the issuance of Resolution No. 04, Series of 2023 on 04 April 2023;

WHEREAS, the RDIP-NCR shall contain the consolidated list of sectoral priority P/Ps, and the regional priority P/Ps given further that, the P/Ps are responsive to the Result Matrices (RM) of the RDP-NCR 2023-2028;

WHEREAS, the RDC Sectoral Committee Meetings were conducted last 28-29 September 2023 to discuss and solicit inputs with the stakeholders to ensure participatory planning;

WHEREAS, the RDC-NCR recognizes the merit and importance of the RDIP-NCR to strengthen further the vertical and horizontal linkages between the planning, programming, and budgeting framework;

NOW THEREFORE, BE IT RESOLVED, AS IT IS HEREBY RESOLVED by the Regional Development Council for the National Capital Region in session duly assembled, approves and adopts the Regional Development Investment Program 2023-2028.

RESOLVED FINALLY, copies of this resolution are furnished to the members of the RDC-NCR and its Advisory Committee and Sectoral and Special Committees, NEDA Central Office, and concerned development stakeholders for information, adoption, guidance, and appropriate action.

APPROVED this 15th day of December 2023 in Pasig City, Metro Manila, Philippines.

PART I

OVERVIEW OF THE RDIP-NCR

Introduction

The Regional Development Council of the National Capital Region (RDC-NCR), under Executive Order No. 113 (series of 2002), is mandated to coordinate the preparation, implementation, monitoring, and evaluation of medium- and long-term regional development plans and investment programs and to review, prioritize, and endorse to the National Government the annual and multi-year sectoral investment programs of the NCR for funding and implementation.

The Metropolitan Manila Development Authority (MMDA), through the Office of the Assistant General Manager for Planning (OAGMP), has spearheaded the exercise of formulating the Regional Development Investment Program for the National Capital Region (RDIP-NCR) 2023-2028.

The RDIP-NCR 2023-2028 is the accompanying document of the Regional Development Plan for the NCR (RDP-NCR) 2023-2028 which translates the strategies and outcomes into viable programs and projects (P/Ps). It shall contain the priority P/Ps to be implemented within NCR by the regional line agencies (RLAs), state universities and colleges, local government units, and government-owned and controlled corporations (GOCCs) that will contribute to the societal goals and outcomes of the RDP-NCR within the medium term. The Result Matrices (RM) of the RDP-NCR shall serve as a guide to ensure the alignment of the P/Ps relative to the sector outcomes in the RDP-NCR. It shall likewise be anchored on the President's 8-Point Socioeconomic Agenda, AmBisyon Natin 2040, Metro Manila Greenprint 2030, and Sustainable Development Goals (SDGs), ensuring effective horizontal and vertical linkages of the development planning cycle.

Moreover, the RDIP-NCR shall serve as the primary reference by the RDC-NCR in the annual review of the budget proposals of Metro Manila RLAs and SUCs, and in the monitoring and evaluation of annual progress and End-of-Plan targets. P/Ps in the budget proposals of RLAs and SUCs should be consistent with the RDP-NCR and included in the RDIP-NCR. Furthermore, the RDIP-NCR will serve as a mechanism to allocate funds in identified priority investment areas appropriately.

Methodology

The RDC-NCR, through RDC-NCR Resolution No. 4, s. 2023, approved and adopted the guidelines for the formulation of the RDIP-NCR 2023-2028 on 04 April 2023.

The RDC-NCR Technical Secretariat held various consultation meetings to gather inputs and comments from regional stakeholders including the LGUs, RLAs, private sector, and civil society organizations.

After which, the submitted P/Ps were consolidated per development sector and were evaluated and assessed based on the following criteria under RDC-NCR Resolution No. 4 series of 2023:

1. Responsiveness shall pertain to the P/Ps alignment to the Strategic Framework and Chapters of the RDP-NCR 2023-2028 and the 8-point Socioeconomic Agenda.
2. Readiness refers to whether the P/P is ongoing, proposed, or completed.
3. Typology
 - **Capital investment** P/Ps to deliver public goods and services that contribute specifically to the region's productive capacity
 - **Technical assistance** P/Ps such as research and development, institutional development, human resource capacity building, or system/process improvement P/Ps
 - **Relending** P/Ps to local government units or other target beneficiaries
 - **Government facilities** which include the construction, rehabilitation, and improvement of government facilities for the performance of the agencies' function or mandate and providing support to the attainment of the goals contained in the RDP-NCR 2023-2028.

The evaluated P/Ps were assessed to further verify or identify P/Ps' responsiveness to the Strategic Framework and Chapters of the RDP-NCR. The prioritization of these P/Ps was based on two (2) criteria: (1) common and (2) RDP-NCR outcome. Moreover, the P/Ps were subjected to regional prioritization for the identification of priority regional projects.

The RDIP-NCR 2023-2028 was approved by the RDC-NCR by virtue of RDC-NCR Resolution No. 10 series of 2023 and shall be reviewed and updated on an annual basis thereafter.

PART II

HIGHLIGHTS OF THE RDIP-NCR

Highlights of the RDIP-NCR

The RDIP-NCR 2023-2028 is anchored on the Region's development framework on economic and social transformation for a prosperous, inclusive, and resilient society. The Region shall develop and protect the capabilities of individuals and families by promoting human capital and social development, reducing vulnerabilities, protecting purchasing power, and increasing income-earning ability. Transformation of the production sector to generate more quality jobs and competitive products shall also be pursued by

actively engaging in agriculture-related activities, revitalizing industries, and reinvigorating services as well as advancement of research and development, technology and innovation, and promotion of trade and investment.

The RLAs, SUCs, and Metro Manila LGUs submitted their P/Ps for inclusion in the RDIP-NCR 2023-2028 with a total investment requirement amounting to PhP 150.25 Billion from 2023 to 2028.

Investment by Sector

A total of 191 P/Ps were identified and prioritized according to the development outcomes and targets of the RDP-NCR 2023-2028.

The RDIP-NCR comprises five (5) development sectors namely: 1) Economic Development, 2) Environment Development, 3) Finance and Development Administration, 4) Social Development, and 5) Infrastructure Development. Each sector has corresponding Chapters of the RDP-NCR as follows:

Economic Development Sector

Chapter 7	Modernizing Agriculture and Agribusiness
Chapter 8	Revitalize Industry
Chapter 9	Reinvigorate Services
Chapter 10	Advancing Research and Development (R&D), Technology, and Innovation
Chapter 11	Promoting Trade and Investment

Environment Development Sector

Chapter 4.3	Establish Livable Communities
Chapter 16	Accelerating Climate Action and Disaster Resilience

Finance and Development Administration Sector

Chapter 12	Promote Financial Inclusion and Improve Public Financial Management
Chapter 14	Ensure Peace and Security and Enhance Administration of Justice
Chapter 15	Practice Good Governance and Improve Bureaucratic Efficiency

Social Development Sector

Chapter 4.1	Boost Health
Chapter 4.2	Improve Education and Lifelong Learning
Chapter 4.3	Establish Livable Communities
Chapter 5	Increase Income-Earning Ability
Chapter 6.1	Ensure Food Security and Proper Nutrition
Chapter 6.2	Strengthen Social Protection

Infrastructure Development Sector

Chapter 13	Expand and Upgrade Infrastructure
------------	-----------------------------------

The Infrastructure Development Sector accounts for 46 percent of the total P/Ps included in the RDIP-NCR 2023-2028, with a total funding requirement of PhP 106.36 Billion, representing 71 percent of the total investment. This is followed by the Social Development Sector comprising 12.57 percent of the total number of P/Ps included, with an investment requirement of PhP 24.21 Billion or 16 percent.

Table 1. Summary of Total Investment Requirements by Development Sector

Sector	No. of P/ Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
Infrastructure Development	88	17,035.722	32,647.916	23,373.362	14,474.905	8,245.451	10,586.825	106,364.181
Social Development	24	10,397.166	11,968.592	874.751	485.376	247.490	240.155	24,213.530
Finance and Development Administration	30	1,906.067	2,022.992	2,330.179	2,203.385	2,283.077	2,607.948	13,353.647
Economic Development	26	383.043	831.380	743.743	598.728	505.214	464.716	3,526.823
Environment Development	23	587.545	787.198	444.418	381.513	70.706	440.478	2,792.514
TOTAL	191	30,309.543	48,258.078	27,766.453	18,143.907	11,351.938	14,340.122	150,250.695

The Finance and Development Administration Sector with 30 P/Ps or 15.71 percent represents a nine (9) percent share of total investment or PhP 13.35 Billion. The Economic Development and Environment

Development Sectors have the lowest funding requirements amounting to PhP 3.53 billion and PhP 2.79 Billion, respectively.

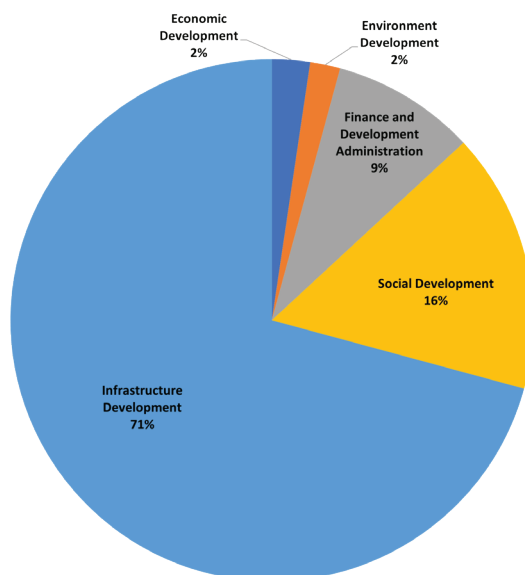

Figure 1. Percent Share of Investment Requirements by Development Sector to Total Investment Requirement

Among the RLAs and SUCs, the Department of Public Works and Highways (DPWH) Unified Project Management Office-Bridges Management Cluster (UPMO-BMC) has the highest total investment requirement of PhP 37.54 Billion or 24.98 percent share. The Department of Social Welfare and Development-NCR (DSWD-NCR) follows this with

a total investment of PhP 20.93 Billion representing 13.93 percent share. Meanwhile, the other government institutions with the highest investment targets are MMDA, DPWH-NCR, and Metropolitan Waterworks and Sewerage System (MWSS), constituting 12.45 percent, 10.56 percent, and 9.36 percent respectively of the total investment requirement.

Regional Prioritization

The priority P/Ps of the region with a total investment requirement of PhP 5.56 Billion for 2023-2028 is shown in Table 2. This includes P/Ps from the Bureau of Fisheries and Aquatic Resources NCR (BFAR-

NCR), the Department of Science and Technology NCR (DOST-NCR), the Philippine National Police NCR Police Office (PNP-NCRPO), Bureau of Fire NCR (BFP-NCR), and the MMDA.

Table 2. Top Priority Programs and Projects of the Region

No.	Title of P/Ps	Agency	Total Investment Requirement (PhP)
1	Fisheries Development Program	BFAR-NCR	853,829,000.00
2	Establishment of DOST-NCR Science and Technology Resource Incubation Center (STRIC)	DOST-NCR	228,735,000.00
3	Construction of NCRPO EOD and Canine Unit Building with Basement	PNP NCRPO	1,232,525,000.00
4	Collapsed Structure Search & Rescue (CSSR) Truck	BFP-NCR	502,200,000.00
5	Metro Manila Emergency Flood Monitoring and Warning System	MMDA	514,018,000.00
6	Construction of NCRPO Regional Headquarters Administrative Building	PNP NCRPO	1,232,525,000.00
7	Fisheries Regulatory and Law Enforcement Program	BFAR-NCR	125,426,000.00
8	Establishment of Accelerated Science, Technology and Innovation Gateway (ASTIG) in Muntinlupa City	DOST-NCR	180,000,000.00
9	Effective Flood Control Operating System (EFCOS) Upgrade and Expansion Program	MMDA	378,323,000.00
10	Metropolitan Manila Disaster Risk Reduction Management and Resiliency Program	MMDA	314,130,000.00
TOTAL			5,561,711,000.00

The BFAR-NCR has two (2) proposed P/Ps in line with Chapter 7 desired outcome for modernizing agriculture and agribusiness. The Fisheries Development Program includes the distribution of supplies and equipment to fisherfolk beneficiaries, operation and maintenance of fishery facilities, facilitation and provision of assistance for the establishment of market linkages among stakeholders of the fish supply chain for possible partnership, and connecting services of financing institutions for market expansion and other business opportunities. Meanwhile, the Fisheries Regulatory and Law Enforcement Program focuses on promoting strict enforcement of fishery laws and regulations and intensifying coastal resource management activities to properly utilize aquatic resources in the coastal and other marine areas. The activities under this program also aim to address issues of environmental and resource degradation with an overarching goal of food security in fisheries.

The Establishment of the DOST-NCR Science and Technology Resource Incubation Center (STRIC) and the Establishment of the Accelerated Science, Technology, and Innovation Gateway (ASTIG) in Muntinlupa City are responsive to Chapter 10 outcome for the advancement of research and development, technology, and innovation. The STRIC aims to enhance the productivity and competitiveness of the industries in the region through the transfer and commercialization of R&D outputs, knowledge, and appropriate technologies in support of the S&T-based regional development, increased livelihood opportunities to communities, and development capabilities and application of new and emerging technologies. While, the Establishment of the ASTIG in Muntinlupa City will bring in S&T concepts, experts, and outputs from the DOST Science Community in Bicutan, Taguig City, onward to Muntinlupa City, aimed at capacitating industries and communities in

the Metro's southern part. The ASTIG will funnel S&T initiatives and outputs from the Research and Development Institutions (RDIs) to the industrial/business hub and capitalize on the S&T efforts of local universities and colleges in Muntinlupa City.

The PNP-NCRPO has two (2) P/Ps under Chapter 14 outcome for ensuring peace and security in the region: 1) Explosive Ordinance Disposal (EOD) and Canine Unit Building; and 2) the regional Headquarters Administrative Building. The EOD and canine building will give the agency the advantage of a scientific and well-coordinated total approach system in responding to threats and incidents of explosion. The construction of these facilities aligns with the agency's continuous pursuit of providing protection and security in the region.

In line with the RDP Chapter 16 desired outcome for accelerating climate action and disaster resilience, the MMDA has two (2) P/Ps. The Effective Flood Control Operation System (EFCOS) is built to ensure

effective operations of the Manggahan Floodway and Napindan Hydraulic Control Structure by diverting excess water from the Upper Marikina River to Laguna Lake. This also measures and records real-time amount and intensity of rainfall precipitation and the height of the water surface in the stream. The primary purpose of this project is to significantly minimize the loss of lives and property damage brought about by flooding with the aid of both structural (hydrological measuring equipment) and non-structural (improved flood forecasting and early warning system) development. The Metropolitan Manila Disaster Risk Reduction Management and Resiliency Program aims to establish the four (4) MMDA Sectors' Sub-Emergency Operations Centers (MMEOCs), attain complete motor vehicles and logistical requirements and enhance the skills and knowledge of technical competencies on the latest trends.

PART III

DEVELOPMENT SECTOR CHAPTERS

01

Economic Development Sector

Economic Development Sector

The economic development sector of the RDIP-NCR 2023-2028 translates the RDP-NCR 2023-2028 under Chapter 7: Modernize Agriculture and Agribusiness, Chapter 8: Revitalize Industry; Chapter 9: Reinvigorate Services; Chapter 10: Advance Research and Development, Technology, and Innovation; and Chapter 11: Promote Trade and Investment into investment P/Ps.

Linkage of Economic Development Sector under the RDIP-NCR with the RDP-NCR

The chapters on the economic development sector aim to transform the production sectors to generate more quality jobs and competitive products in the region through the modernization of agriculture and agribusiness, revitalization of industry, reinvigoration of services, advancement of research and development, technology and innovation, and promotion of trade and investment.

Chapter 7 will focus on enhancing the livelihood of fisherfolk and agri-entrepreneurs in Metro Manila. The main strategies under this chapter include enhanced efficiency of Agriculture, Forestry, and Fisheries (AFF) production, expanded access to markets, and AFF-based enterprises in the NCR.

Chapter 8 will revitalize the industry in attaining the expansion of domestic market production and supplier base, improvement of the competitiveness of the key players, and creation or establishment of a dynamic industry ecosystem.

Chapter 9 will reinvigorate the service sector by market expansion, strengthening creativity and innovation in services value proposition, and enhancing strategic inter-sectoral linkages for inclusive, resilient, and sustainable participation.

Chapter 10 will achieve the desired outcomes for the development of advanced research and technology by strengthening the basic research and development and knowledge creation; advancing the market-driven and customer-centered research and development; scaling up the technology extension, adoption, utilization, and commercialization; and accelerating innovation and entrepreneurship.

Chapter 11 will promote trade and investments to generate more economic activities and livelihood opportunities for the region, with key strategies of export sectors restored, sustained, and strengthened; and total investments increased.

Summary of Investment Requirements

The discussion will focus on the P/Ps that will contribute to the attainment of the aforementioned objectives and outcomes of the economic chapters. As shown in Table 3, the Economic Development Sector has 26 P/Ps with a total investment requirement amounting to Php 3.53 Billion from 2023 to 2028.

Table 3. Summary of Investment Requirements for the Economic Development Sector, By Implementing Agency

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
BFAR-NCR	4	172.943	135.499	339.060	126.870	138.705	152.005	1,065.082
DOST-NCR	10	156.119	187.757	342.280	405.098	295.282	268.398	1,654.935

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
DOT-NCR	4	14.320	14.749	15.193	15.648	16.116	16.601	92.627
DTI-NCR	4	39.396	43.175	47.010	50.912	54.912	27.512	262.915
NCCA	2	0.265	-	-	-	-	-	0.265
LGUs	2	-	450.200	0.200	0.200	0.200	0.200	451.000
Total	26	383.043	831.380	743.743	598.728	505.214	464.716	3,526.823

The BFAR-NCR has four (4) P/Ps mainly for the development and improvement of fisheries production and resources management as well as capacity-building activities for the fisherfolks and involved stakeholders. The DOST-NCR has 10 P/Ps which are mostly geared towards the advancement of the region's scientific and technological capabilities.

and Industry-NCR (DTI-NCR) also has four (4) P/Ps which are supportive for the promotion and development of the enterprises in NCR. The National Commission for Culture and the Arts (NCCA) has two (2) P/Ps that focus on the strengthening of the Local Culture and Arts Council and cultural mapping activities in Metro Manila.

Meanwhile, the Department of Tourism-NCR (DOT-NCR) has four (4) P/Ps that are attributable towards a sustainable, inclusive, and resilient multidimensional tourism sector in the region through programs on policy formulation and planning, the DOT accreditation, capacity building, and market and product development. The Department of Trade

Furthermore, the LGUs also have P/Ps in support of their localities' economic growth that is aligned with the national and regional thrust and development priorities, for the regional list one (1) from Muntinlupa City and one (1) from Parañaque City was selected and included (*See Table 3 for the detailed list of investment P/Ps*).

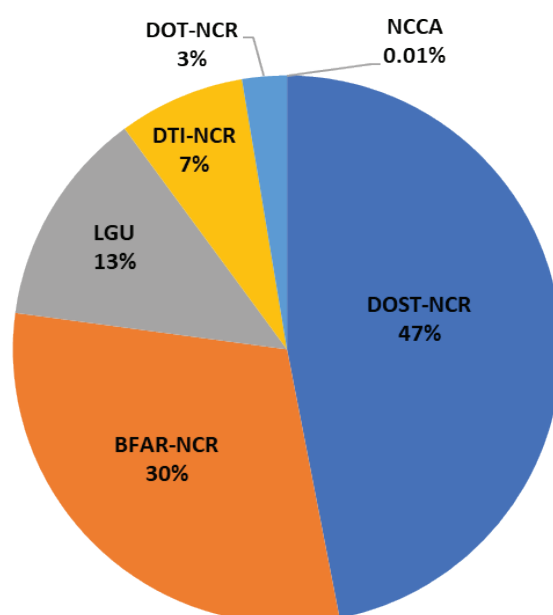

Figure 2. Percent Share of Investment Requirements per Agency under the Economic Development Sector

In terms of investment requirement, DOST-NCR had the biggest share with 47 percent, followed by BFAR-NCR with a 30 percent share, LGUs with 13 percent, DTI-NCR with seven (7) percent, DOT-NCR with three (3) percent and 0.01 percent share for NCCA (*Figure 2*).

Sectoral Prioritization

The top 10 priority P/Ps under the Economic Development Sector are shown in Table 4. This includes the four (4) P/Ps from the DTI-NCR particularly, the Small Medium Enterprise Roving Academy (SMERA), Negosyo Center Program, Center for Innovation and Technology Enterprise (CITE) Incubator Facility Initial Operations, and One Town One Product (OTOP). The SMERA is a continuous learning program for the development of MSMEs to become competitive in the domestic and international markets. The Negosyo Center program is responsible for promoting ease of doing business and facilitating access to services for MSMEs. The CITE incubator facility aims to promote and

support the development of the selected sectors of the Philippine creative industries by providing a conducive resource center and integrated venue for startups in the creative space, opening opportunities for collaboration, entrepreneurship, and innovation. The OTOP enables localities and communities to determine, develop, support, and promote culturally-rooted products or services which they can be the best or best renowned for. These P/Ps from DTI-NCR are responsive to Chapters 7, 8, 9, 10, and 11, especially for the development of MSMEs and the promotion of trade and investment.

Table 4. Top Priority Programs and Projects for the Economic Development Sector

No.	Title of P/Ps	Agency	Total Investment Requirement (PhP)
1	Small Medium Enterprise Roving Academy (SMERA)	DTI-NCR	13,914,552.00
2	Negosyo Center Program	DTI-NCR	79,500,000.00
3	Small Enterprise Technology Upgrading Program (SETUP): Enabling Qualified Industry Associations and MSMEs through iFund (Innovation-Enabling Fund) of Small Enterprise Technology Upgrading Program	DOST-NCR	775,582,650.00
4	CITE Incubator Facility's Initial Operations	DTI-NCR	141,000,000.00
5	Establishment of DOST-NCR Science and Technology Resource Incubation Center (STRIC)	DOST-NCR	228,734,540.00
6	SETUP: Innovation for Filipinos Working Distantly from the Philippines (iFWD PH)	DOST-NCR	12,500,000.00
7	One Town One Product (OTOP)	DTI-NCR	28,500,000.00
8	Community Empowerment thru Science and Technology (CEST) Program	DOST-NCR	127,996,400.00
9	Tourism Policy Formulation and Planning Program	DOT-NCR	4,346,000.00
10	Philippine Fisheries and Coastal Resiliency (FishCoRe) Project	BFAR-NCR	26,283,000.00
TOTAL			1,438,357,142.00

Also included in the top priority list, are the P/Ps from DOST-NCR such as SETUP, CEST Program, and establishment of STRIC. The SETUP on Enabling Qualified Industry Associations and MSMEs through iFund of Small Enterprise Technology Upgrading Program provides a wide range of Science, Technology and Innovation (STI) solutions to address the industry and business operations challenges and concerns of MSMEs. Meanwhile, the SETUP on iFWD PH provides support opportunities for returning Overseas Filipino Workers (OFWs) and their immediate families by equipping them with the needed skills and expertise to put up their own startup technology-based companies. The CEST program assists communities and LGUs to empower and uplift the living conditions of the marginalized sectors through STI on health and nutrition, disaster risk reduction management, economic development, education, and environmental protection and climate change adaptation. The establishment of DOST-NCR STRIC will facilitate access of MSMEs, research and development institutes, and industries to megamaker laboratories and centers in the DOST system, co-working space for ideation and mentoring for startups, micro and small enterprises, and house mini-laboratory for product development and food safety related assistance. These P/Ps are responsive

to Economic Chapters, especially in Chapter 10 for the advancement of research and development, technology, and innovation.

The DOT-NCR's Tourism Policy Formulation and Planning Program is included in the priority list. This provides assistance for the improvement of local tourism governance and formulation of the tourism development plan as well as technical assistance on tourism statistics program for the NCR's Tourism Satellite Account, responsive on Chapter 9.

Furthermore, the FishCoRe project of BFAR-NCR is included as well, which is mainly responsive to Chapter 7. This project aims to improve the management of fishery resources and enhance the value of fisheries production in Fisheries Management Areas (FMAs), where the NCR belongs to FMA 6 along with other regions such as Region CAR, 1, 3, CALABARZON and MIMAROPA with Region 3 as the lead region. The three (3) components of this project include Fisheries and Coastal Resilient Resource Planning and Management (FishCRRM); Modern and Resilient Livelihood Investments (MARLIN); and Support to Project Implementation and Management (SuPrIM).

Investment Program

Table 5. Detailed List of Investment Programs and Projects on Economic Development Sector

No.	Title of P/Ps	Location	Funding Requirements (In Millions PhP)							Fund- ing Source	Status	Respon- sive RDP- NCR Chap- ter/s

02

Environment Development Sector

Environment Development Sector

The environment development sector of the RDIP-NCR 2023-2028 translates the National Capital Region RDP 2023-2028 under Chapter 4.3: Establish Livable Communities and Chapter 16: Accelerate Climate Action and Strengthen Disaster Resilience into investment P/Ps.

Linkage of Environment Development Sector under the RDIP-NCR with the RDP-NCR

Chapter 4.3 aims to uplift communities, both the existing and new, that offer equitable, inclusive, and resilient opportunities for improving human well-being while contributing to the community's economic vitality. The establishment of livable communities has the potential to enhance public health, the economy, social inclusion, and environmental and social sustainability. As such, uplifting livable communities will be achieved by ensuring the implementation of programs and projects identified for this sector including livelihood opportunities, transit-oriented development, environmental quality, and social sustainability.

By 2028, the P/Ps to be implemented to achieve the targets include an increase in the percentage of air quality monitoring stations that are within the ambient air quality guideline value, and an improvement in the

water quality of priority river systems in the region namely Marikina River, Manila Bay, San Juan River, Malabon-Navotas Tullahan River, and Las Piñas-Parañaque River.

On the other hand, Chapter 16 intends to increase the protection and preservation of ecosystems by strengthening ecosystem protection, rehabilitation, and management; protecting and safeguarding the remaining key biodiversity areas; and implementing the nationally determined contribution (NDC). In addition, the Chapter aims to ensure that the plans and programs as well as laws and policies will be implemented to guarantee that the people and communities are safe and resilient against disaster through its effort to achieve a zero-casualty in the communities and prevent heavy damage during natural calamities.

Summary of Investment Requirements

The total investment requirement to implement the P/Ps that will contribute to the attainment of the chapter targets and outcomes amounts to PhP 2.79 Billion. These investments will fund the identified P/Ps that will be implemented from 2023 to 2028

by the concerned agencies such as the Department of Environment and Natural Resources (DENR) Environmental Management Bureau-NCR (EMB-NCR), MMDA, and LGUs.

Table 6. Summary of Investment Requirements for the Environment Development Sector, By Implementing Agency

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
MMDA	5	443.106	665.123	386.318	323.413	67.606	437.378	2,322.945
EMB-NCR	8	114.136	11.975	3.000	3.000	3.000	3.000	138.111

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
LGUs	10	30.303	110.100	55.100	55.100	0.100	0.100	331.458
TOTAL	23	587.545	787.198	444.418	381.513	70.706	440.478	2,792.514

The MMDA has five (5) P/Ps mainly to improve the region by promoting the expansion of green spaces and ecological balance such as urban re-greening and renewal programs. Moreover, the Agency is taking the initiative to improve its disaster risk reduction management and resiliency due to the nature of the region's high exposure to natural disasters like earthquakes and flooding.

The DENR EMB-NCR has eight (8) P/Ps to ensure the protection, preservation, and revival of the quality of fresh, brackish, and marine waters and ensure the water quality of the three (3) Water Quality

Management Areas (WQMAs) such as San Juan River System, Malabon-Navotas-Tullahan-Tinajeros River System, and Las Piñas-Parañaque River System to make it a sustainable resource for the people adjacent to the river systems.

Lastly, several LGUs also have P/Ps in support of challenges in the environment, air quality, development of parks, climate change adaptation mitigation, and disaster risk reduction programs such as cities of Las Piñas, Makati, Muntinlupa, Parañaque, Pasay, and Valenzuela.

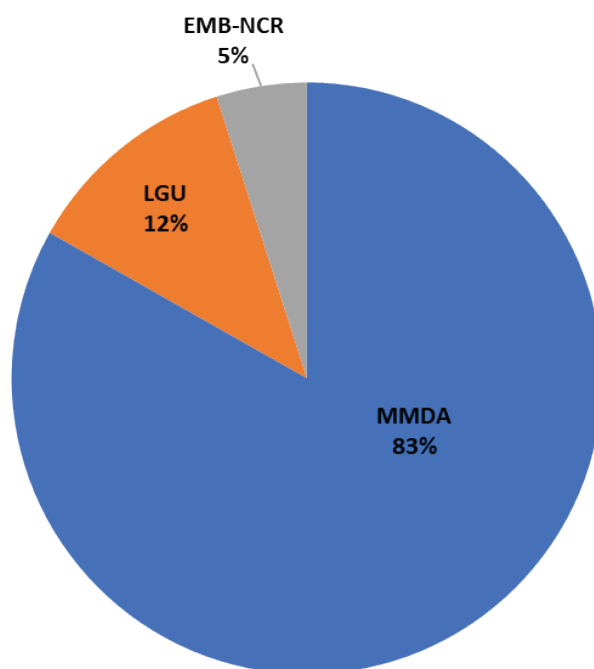

Figure 3. Percent Share of Investment Requirements per Agency under the Environment Development Sector

As shown in Figure 3, P/Ps responsive to the outcomes of the Sector consist of 23 P/Ps, five (5) of these P/Ps are coming from MMDA with the highest investment requirements of 83 percent followed by the LGUs with 12 percent share to implement 10 P/Ps and EMB-

NCR with five (5) percent share for the eight (8) P/Ps. The P/Ps of LGUs are to be implemented by the cities of Las Piñas, Makati, Muntinlupa, Parañaque, Pasay, and Valenzuela.

Sectoral Prioritization

The Environment Development Sector's top 10 priority P/Ps are shown in Table 7. This includes the priority program of the EMB-NCR, the Clean Water program focusing on the Operationalization of Water Quality Management Areas which aims to pursue economic growth consistent with the protection, preservation, and revival of the quality of fresh, brackish, and marine waters. The program is designed to safeguard the water quality within the three (3) WQMAs to make it a sustainable resource for the people adjacent to the river systems.

Also included in the priority list are the five (5) P/Ps from MMDA, particularly the Urban Re-greening and Renewal Program, Metropolitan Manila Disaster Risk Reduction Management and Resiliency Program, Metro Manila Emergency Radio Communication Network, Metro Manila Disaster and Early Warning System for Community Preparedness Project, and Metro Manila Emergency Flood Monitoring and Warning System. The Urban Re-greening and Renewal Program includes provision for hardscape and softscape treatment along the sidewalk, median island, footbridges, tunnel, flyovers, and vertical greenery landscape. In addition, hardscape covers face-lifting, re-painting, and other construction works necessary for the completion of the landscaping design. The Metropolitan Manila Disaster Risk

Reduction Management and Resiliency Program aims to establish four (4) sub-emergency operations centers in the region.

On the other hand, the Metro Manila Emergency Radio Communication Network aims to provide a rapid communication link between the Emergency Operation Center of the Metro Manila Disaster Risk Reduction and Management Council (MMDRRMC), assisting regions, Area Command Team assigned at the Four Quadrants of Metro Manila. Prepositioned communication equipment will be installed on vital sites to provide a rapid emergency communication network for coordination purposes, situational assessment, report generation, and resource deployment. Moreover, the Metro Manila Disaster and Early Warning System for Community Preparedness Project aims to provide an almost real-time warning system that can alert people living in coastal areas of the impending danger of tsunamis. Lastly, the Metro Manila Emergency Flood Monitoring and Warning System aims to provide an early warning system that can detect, measure, forecast, and disseminate flood information on a real-time basis to motorists and the general public and to enhance the accuracy of flood advisory within the Metropolis brought about by heavy rain and inclement weather.

Table 7. Top Priority Programs and Projects for the Environment Development Sector

No.	Title of P/Ps	Agency	Total Investment Requirement (PhP)
1	Clean Water Program	DENR-EMB	18,000,000.00
2	Structural Resilience Program	Las Piñas City	100,000,000.00
3	Urban Re-greening and Renewal Program	MMDA	1,200,111,257.96
4	Metropolitan Manila Disaster Risk Reduction Management and Resiliency Program	MMDA	314,129,913.14
5	Metro Manila Emergency Radio Communication Network	MMDA	76,286,950.00
6	Metro Manila Disaster and Early Warning System for Community Preparedness Project	MMDA	218,398,985.38
7	Metro Manila Emergency Flood Monitoring and Warning System	MMDA	514,018,015.00
8	Construction of City Park	Parañaque City	70,000,000.00
9	Paranaque River Promenade	Parañaque City	10,000,000.00
10	Natural Resources Services	Las Piñas City	40,000,000.00
TOTAL			2,560,945,121.48

Furthermore, the LGUs of Las Piñas City and Parañaque City have four (4) P/Ps included in the list. The Structural Resilience Program of Las Piñas City includes the construction of the three (3) storey DRRM Facility at District 1 that can accommodate people of District I in transition due to emergencies. The construction of parks at Dr. Filemon C. Aguilar, Brgy. Talon Singko and Doña Manuela, Brgy. Pamplona Tres will encourage the general public to enjoy public spaces through well-managed and maintained facilities and structures, a well-developed

environment through landscape design, and plant ornaments while ensuring safety, security, and orderliness throughout the entire park.

Lastly, Parañaque City has two (2) priority projects included in the list. The Parañaque River Promenade will provide an additional path walk and space for people to have a good place to do leisure and other recreational activities. The construction of City Park will be a recreational and leisure activity for local and foreign visitors.

Investment Program

Finance and Development Administration Sector

Finance and Development Administration Sector

The finance and development administration sector contains the list of programs, projects, and activities which support the strategies and outcomes of the RDP for the NCR 2023-2028 under the following chapters: Chapter 12: Promote Financial Inclusion and Improve Public Financial Management, Chapter 14: Ensure Peace and Security and Enhance Administration of Justice, and Chapter 15: Practice Good Governance and Improve Bureaucratic Efficiency to be implemented by various agencies and local government units in the region.

Linkage of Finance and Development Administration Sector under the RDIP-NCR with the RDP-NCR

The strategies under Chapter 12 of the RDP-NCR are the major areas of intervention to achieve the desired outcomes towards inclusive growth and financial resilience. By 2028, through the implementation of identified programs and projects, financial inclusion will be broadened and deepened, financial innovation will be strengthened and accelerated, and local government finance will be strengthened.

Furthermore, targets under Chapter 14 will ensure the region's peace and security by continuing the implementation of the strategies such as sustaining the protection and development of conflict-affected communities; safeguarding the quality of life of people from criminality; and ensuring the protection

and safety of the community from natural hazards and other security threats as well as pursuing an integrated, transparent, people-centered, and human rights-based peace and security policy. This will be pursued through the implementation of the priority programs and projects identified in this Sector.

To achieve the target outcomes of Chapter 15 of the RDP-NCR, strategies such as deepening participatory governance; boosting public accountability and integrity; rationalizing and strengthening government functions, systems, and mechanisms; and supporting competent, motivated, agile, and resilient public servants should be pursued.

Summary of Investment Requirements

The Finance and Development Administration Sector has a total investment requirement amounting to PhP13.35 Billion for the 30 programs and projects to be implemented from 2023-2028 by the Bureau of Fire Protection-NCR (BFP-NCR), Bureau of Jail Management and Penology-NCR (BJMP-NCR),

Philippine National Police-National Capital Region Police Office (PNP-NCRPO), and concerned local government units from the cities of Caloocan and Muntinlupa

Table 10. Top Priority Programs and Projects for the Finance and Development Administration Sector

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
BFP - NCR	3	2.400	200.125	221.832	194.695	172.567	192.290	983.908

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
BJMP - NCR	5	143.180	11.000	11.275	11.578	14.660	15.026	206.719
PNP - NCRPO	17	1,715.486	1,805.775	1,900.816	1,995.857	2,095.649	2,200.432	11,714.015
LGUs	5	45.000	6.092	196.256	1.256	0.200	200.200	449.005
Total	30	1,906.067	2,022.992	2,330.179	2,203.385	2,283.077	2,607.948	13,353.647

As shown in Figure 4, from the 30 P/Ps responsive to the outcomes of the Sector, PNP-NCRPO has the highest investment requirements of 88 percent followed by the BFP-NCR with a seven (7) percent share, three (3) percent share for the two (2) LGUs and two (2) percent share from the BJMP-NCR.

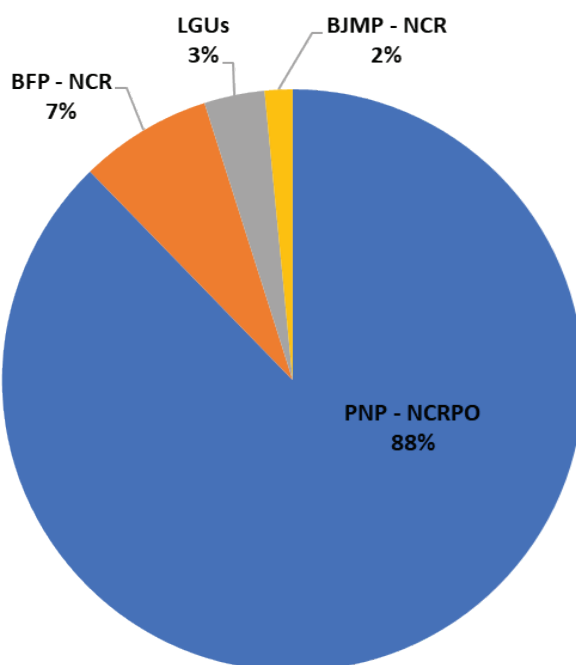

Figure 4. Percent Share of Investment Requirements per Agency under the Finance and Development Administration Sector

Sectoral Prioritization

The top 10 priority programs/projects of the Sector consist of five (5) P/Ps from the BJMP-NCR, three (3) from the BFP-NCR, and one each from the cities of Muntinlupa and Caloocan. The P/Ps are responsive to the strategies of the Chapters in the RDP-NCR 2023-2028 specifically for Chapter 14 Outcome 3: Protection and safety from natural hazards and other security threats.

The BFP-NCR projects such as the installation of fire hose cabinets in strategic areas in Metro Manila will provide cost-efficient, more achievable and promote community empowerment while the Collapsed Structure Search & Rescue (CSSR) Truck will provide ease in operations concerning search and rescue operations in the region and provide airborne

support for the special rescue units operating in Metro Manila, especially in high-rise commercial districts. The Emergency Medical Services (EMS) Capacity Building will help the BFP-NCR respond without difficulty or exertion to all medical emergency calls within the allowable time.

The Person Deprived of Liberty (PDL) Continuous Education Program of the BJMP-NCR aims to promote ongoing educational opportunities for individuals who are incarcerated or deprived of their liberty. The College Education Behind Bars program helps the participants build a foundation for personal growth and successful reintegration into society upon release from prison. Another program is the PDL Technical and Vocational Training which aims to empower PDL with practical skills, increasing their chances of successful reintegration into society by bridging the gap between incarceration and gainful employment. Similarly, the PDL Public Employment Service Program aims to empower PDLs with the skills and resources necessary for successful reentry into the workforce, contributing to their rehabilitation and reducing the likelihood of habitual relapse into crime. These programs will contribute to the overall goal of empowering individuals and reducing recidivism which help to attain the target outcome in Chapter 14: Protection and development of conflict-

affected communities or individuals. Another project of BJMP-NCR that will be implemented is the Construction of Muntinlupa City Jail which aims to establish a modern and secure detention facility that prioritizes the well-being of individuals in custody. All P/Ps identified by the BJMP-NCR will help to achieve Subchapter 14.2 Outcome 3: Improving quality of life and rehabilitation of PDLs in jail and prison facilities.

The establishment of a Community-Based Monitoring System (CBMS) of Caloocan City shall help to achieve the outcome in Chapter 15: Strengthened Government Functions, Systems, and Mechanisms Rationalized. This outcome shall also be attained through the establishment of the LGUs local statistics committee towards the goal of collecting statistical and geospatial information for local-level planning.

Lastly, the Muntinlupa City's Peace and Order Support Program: Establishment of the MCPS Command Center Interconnected with DDRM OpCen will enable real-time monitoring, enhancing the ability to respond proactively on emergencies and critical incidents, not only in the locality but all the people passing by or nearby the city. It also contributes to the 8-point socioeconomic agenda on upholding public order and safety, peace, and security.

Social Development Sector

Social Development Sector

The social development sector contains the list of programs, projects, and activities that support the strategies and outcomes of the RDP-NCR 2023-2028 under the following chapters: Chapter 4: Promote Human and Social Development, Chapter 5: Increase Income-earning, and Chapter 6: Reduce Vulnerabilities and Protect Purchasing Power.

Linkage of the Social Development Sector under the RDIP-NCR with the RDP-NCR

The chapters on the Social Development Sector aim to develop and protect the capabilities of individuals and families through the promotion of human and social development, increase of income-earning abilities, and reduction of vulnerabilities as well as protection of purchasing power. The P/Ps under this sector will contribute to attaining the related chapter outcomes of the RDP-NCR 2023-2028.

The RDP-NCR Chapter 4 is divided into three (3) subchapters focused on uplifting the overall well-being of individuals and families to enable them to live long and healthy lives provided with learning opportunities and resilient communities. Outcomes under Subchapter 4.1: Boost health consists of improved social determinants of health; access to healthy choices and behavior enabled; improved access, quality, and efficiency of health care; and strengthened health systems. Chapter 4.2 desired outcomes are quality, inclusive, adaptive, resilient, and future-ready basic education for all achieved; globally competitive Technical and Vocational Education and Training (TVET) and higher education, improved

research output attained for a broader knowledge economy; and human capital governance improved. For Chapter 4.3, the outcome is the upgrade of the built environment including the provision of adequate housing and housing public rental affordability (*See Environment Development Sector*).

Chapter 5 highlights the challenges in increasing income-earning ability and the outcomes to be pursued to address these are increased employability, expanded access to employment opportunities, and shared labor market governance.

In reducing vulnerabilities and protecting purchasing power, Chapter 6 includes strategies for ensuring the availability, sufficiency, and accessibility of food commodities and promoting nutrition-related interventions. In addition, vulnerabilities must be addressed through strengthening the social protection system that would manage risks and promote resiliency.

Summary of Investment Requirements

The discussion will focus on the P/Ps that will contribute to attaining the objectives and outcomes of the social development chapters. As shown in Table 12, the Social Development Sector has 24 P/Ps with a total investment requirement amounting to PhP 24.21 Billion from 2023 to 2028.

Table 12. Summary of Investment Requirements for the Social Development Sector, By Implementing Agency

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
DepEd-NCR	3	-	-	4.700	2.610	2.610	2.360	12.280
DOH-MMCHD	4	250.699	243.614	236.529	229.444	222.358	215.273	1,397.917
DSWD-NCR	8	9,262.501	11,671.456	-	-	-	-	20,933.957
TESDA-NCR	2	837.122	-	-	-	-	-	837.12
SUCs	4	25.000	30.000	610.000	230.800	-	-	895.800
LGUs	3	21.844	23.522	23.522	22.522	22.522	22.522	136.454
Total	24	10,397.166	11,968.592	874.751	485.376	247.490	240.155	24,213.530

The Department of Education-NCR (DepEd-NCR) has three (3) P/Ps focused mainly on improving education and lifelong learning in the region through aligning curriculum and instruction methods in all subjects in basic education. Moreover, these P/Ps emphasize the importance of strengthening literacy and numeracy programs, digitizing national assessments, and strengthening inclusive education programs and teaching approaches.

The Department of Health-Metro Manila Center for Health and Development (DOH-MMCHD) consists of four (4) P/Ps mainly to ensure the promotion of health and well-being through collaboration between the government including local government units, and the private sector, and delivery systems remain available, accessible, and affordable.

The DSWD-NCR with eight (8) P/Ps is geared towards a comprehensive delivery of Social Protection (SP) programs and the implementation of SP floor,

a nationally-defined set of basic social security grantees that secure protection aimed at preventing or alleviating poverty, vulnerability, and social exclusion. The P/Ps implemented by the Technical Education and Skills Development Authority-NCR (TESDA-NCR) support the provision and expansion of scholarships and grants as well as focus on skills standards, competency assessments, and certification.

To overcome the challenges concerning human and social development in addition to reducing the threats to the region's supply and accessibility of nutritious and safe food, the LGUs and SUCs also have P/Ps supporting P/Ps.

As shown in Figure 5, DSWD-NCR had the biggest share in terms of investment requirements with 86 percent, followed by DOH-MMCHD with six (6) percent share, TESDA-NCR and SUCs four (4) percent each, LGUs at 0.6 percent, and DepEd-NCR at 0.1 percent share.

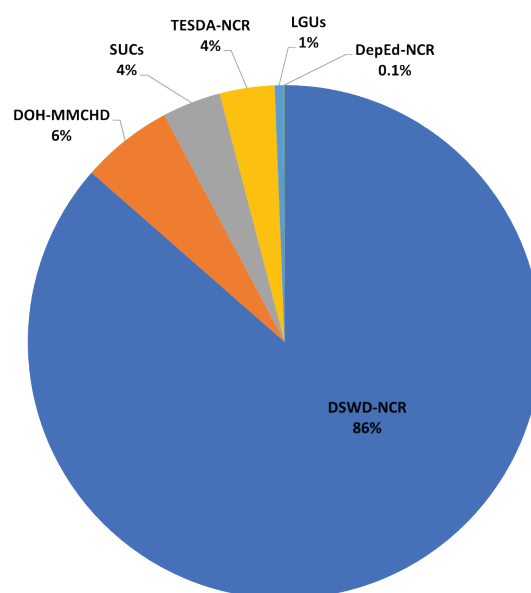

Figure 5. Percent Share of Investment Requirements per Agency under the Social Development Sector

Sectoral Prioritization

As shown in Table 13, below are the top 10 priority P/Ps in the Social Development Sector. This includes P/Ps from DepEd-NCR, DSWD-NCR, TESDA-NCR, Philippine Normal University (PNU), and LGUs of Muntinlupa City and Quezon City.

Table 7. Top Priority Programs and Projects for the Environment Development Sector

No.	Title of P/Ps	Agency	Total Investment Requirement (PhP)
1	Learning Resource Management: Project QASLeRs (Quality Assured & Accessible Supplementary Learning Resources for Learners)	DepEd-NCR	9,000,000.00
2	Research Management: Creation of Project DIVE (Diving deeper into Innovation and Valuable Educational needs) Portal	DepEd-NCR	2,280,000.00
3	Construction of the National Center for Teacher Education (NCTE) Building (formerly the PNU Convention Center and Training Center) – Phase 2 and 3	PNU	430,800,000.00
4	Construction of International House (5-storey Building)	PNU	200,000,000.00
5	Office Administration and Performance Management: Project Seamless Efficient Accurate Management of Systems (SEAMS)	DepEd-NCR	1,000,000.00
6	Promotive Social Welfare Program: Pantawid Pamilyang Pilipino Program	DSWD-NCR	10,708,991,000.00
7	TESDA Scholarship Program	TESDA-NCR	831,625,233.00
8	TESDA Competency Assessment and Certification Program for TVET	TESDA-NCR	5,496,747.00

No.	Title of P/Ps	Agency	Total Investment Requirement (PhP)
9	Construction of a 3-storey Building: Gymnasium (formerly a 3-storey Building: Gymnasium and Convention Center)	PNU	200,000,000.00
10	Promotive Social Welfare Program: Sustainable Livelihood Program	DSWD-NCR	117,803,000.00
TOTAL			12,506,995,980.00

The DepEd-NCR is among the regions currently engaged in the pilot implementation of the MATATAG Curriculum. As such, there is an opportunity to develop contextualized and localized supplementary learning resources in support of the default materials as well as to address gaps. Relative to this, the regional office intends to subject these and other field-developed materials to another level of quality assurance (review, revision, and finalization) to ensure that such is indeed appropriate and relevant to the needs of the learners, not only of the region but possibly of the entire country. Through the Learning Resource Management: Project QASLeRs (Quality Assured & Accessible Supplementary Learning Resources) for Learners, the region plans to establish its own portal where these materials can be easily and readily accessed by its target users. Having a portal will enable the uploading of more quality-assured resources, thus, increasing access and ultimately improving the performance of the learners.

Under the Research Management Program of DepEd-NCR, the creation of Project DIVE Portal or Diving Deeper into Innovation and Valuable Educational Needs will greatly contribute to the submission of research proposals from the field; evaluation of submitted research proposals and research output by the research managers; and archiving, retrieval, and storage of research output which can be a basis used in policy recommendation and formulation. The P/Ps from DepEd-NCR are responsive to Chapter 4: Promote Human and Social Development specifically Subchapter 4.2 Improve Education and Lifelong Learning.

Also included in the priority list are P/Ps from the DSWD-NCR such as the Pantawid Pamilyang Pilipino Program (4Ps) and Sustainable Livelihood Program (SLP) under the Promotive Social Welfare

Program which are mainly responsive to Subchapter 6.2 Strengthen Social Protection under Chapter 6: Reduce Vulnerabilities and Protect Purchasing Power. The 4Ps is a social protection program that focuses on human capital development through the provision of cash grants to eligible households. The provision of cash grants is conditional upon the fulfillment of the beneficiaries of the conditions of the program. The goal of the program is to promote the accumulation of human capital among young children (0-18 years old) and contribute to breaking the intergenerational cycle of poverty among poor households. On the other hand, SLP is a capacity-building program for poor, vulnerable, and marginalized households and communities to help improve their socio-economic conditions through accessing and acquiring necessary assets to engage in and maintain thriving livelihoods. The TESDA-NCR's Scholarship Program and Competency Assessment and Certification Program for TVET are part of the priority list as well. The scholarship program aims to address equity and access by providing direct financial assistance to qualified TVET enrollees across all regions in the country. The TESDA-NCR pursues the assessment and certification of the competencies of middle-level skilled workers through the Philippine TVET Competency Assessment and Certification System (PTCACS). The assessment process seeks to determine whether the graduates or workers can perform to the workplace standards based on the defined competency standards. This ensures the productivity, quality, and global competitiveness of middle-level workers. These P/Ps are related to Subchapter 4.2 and Chapter 5 Increase Income-Earning Ability.

Infrastructure Development Sector

Infrastructure Development Sector

The infrastructure development sector translates the strategies and outcomes under Chapter 13 of the RDP-NCR 2023-2028 in order to achieve seamless and inclusive connectivity, provide affordable and clean energy, secure water supply and climate-resilient infrastructure, and provide social infrastructure.

Linkage of Infrastructure Development Sector under the RDIP-NCR with the RDP-NCR

The infrastructure development sector will implement programs or projects in physical and digital connectivity, flood control, water resources, power and energy, and social infrastructure. These intend to provide modern, seamless, and effective transportation; consistent and interconnected affordable communication facilities and services; water security and lives and properties protection from floods; available, reliable, and affordable power supply; effective and sufficient, safe, and accessible social infrastructure facilities and services.

Chapter 13 focuses on expanding and upgrading the current infrastructure to achieve seamless and inclusive connectivity; to provide affordable, accessible, reliable, and clean energy; to attain water security, ecological integrity of water systems, and resiliency to water hazards; to intensify support to social development; and to enhance cross-sectoral approach in development planning, programming, and asset management in infrastructure.

Summary of Investment Requirements

The total investment requirement for the Infrastructure Development Sector from 2023 to 2028 amounts to PhP 106.36 Billion for the 88 Priority P/Ps to be implemented by the DPWH-NCR, DPWH-UPMO-BMC, DPWH-UPMO Road Management Cluster 1 (RMC1), DPWH Public-Private Partnership Service (PPPS), Light Rail Transit Authority (LRTA), MMDA, MWSS, PNU, and the cities of Caloocan, Las Piñas, Marikina, Muntinlupa, Parañaque, and Pasay.

Table 15. Summary of Investment Requirements for Infrastructure Development Sector, By Implementing Agency

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
DPWH-NCR	28	4,394.745	7,576.300	2,939.000	335.000	310.000	310.000	15,865.045
DPWH-UPMO-BMC	3	3,678.424	15,736.993	9,193.076	6,439.001	506.152	1,981.641	37,535.286
DPWH-UPMO-RMC1	2	103.627	21.368	1,619.406	1,117.771	3,742.511	5,175.001	11,779.684
DPWH-PPPS	1	495.130	50.000	-	-	-	-	545.130
LRTA	22	508.900	371.482	1,577.767	700.740	-	-	3,158.889

Agency	No. of P/Ps	Investment Requirement (in Million)						
		2023	2024	2025	2026	2027	2028	Total
MMDA	7	3,238.813	2,010.634	4,204.230	3,220.033	3,298.937	2,732.331	18,704.977
MWSS	2	3,779.234	5,705.077	2,466.782	2,118.508	-	-	14,069.601
PNU	1	-	-	95.000	-	-	-	95.000
LGUs	22	836.850	1,176.062	1,278.102	543.852	387.852	387.852	4,610.568
Total	88	17,035.722	32,647.916	23,373.362	14,474.905	8,245.451	10,586.825	106,364.181

The DPWH-NCR, together with its Unified Project Management Office Clusters and the Public-Private Partnership Service has a total of 34 P/Ps that focus on the improvement of roads and drainages, flood control structures, and sustainable infrastructure projects alleviating gaps (SIPAG). The LRTA has a total of 22 P/Ps that aim to improve the quality of its train sets and the overall service to modernize the public transport system.

Meanwhile, MMDA has seven (7) P/Ps that were aligned with the spatial and development thrusts of the region. The MWSS has two (2) P/Ps to secure a safe water supply and ensure efficient water utilization

in the region. The PNU has one (1) P/P that focuses on prioritizing the construction of a power substation with a renewable energy source that will distribute electricity to different buildings in the university and produce clean energy to help our environment mitigate the threats of climate change.

Furthermore, the LGUs have 22 projects in support of their localities' participation in expanding and upgrading the infrastructure capabilities of the region that are aligned with the national and regional thrust and development priorities.

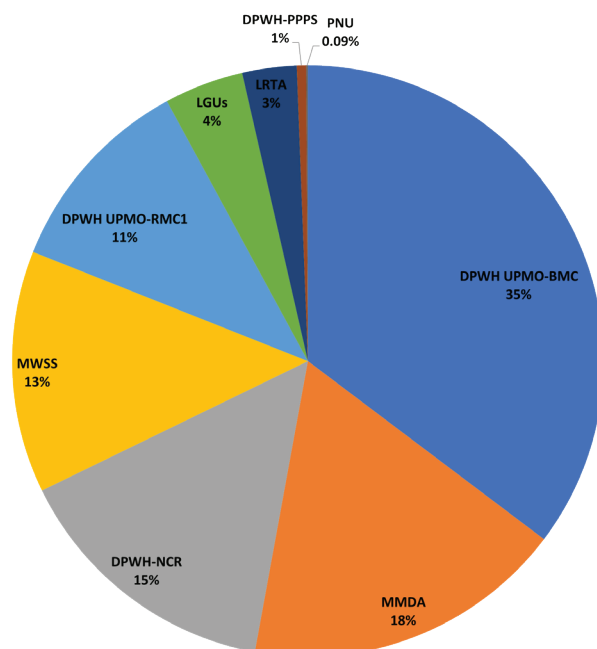

Figure 6. Percent Share of Investment Requirements per Agency under the Infrastructure Development Sector

In terms of investment requirement, DPWH UPMO-BMC had the biggest share with 35 percent, followed by MMDA with 18 percent share, DPWH-NCR with 15 percent, MWSS with 13 percent, DPWH UPMO-RMC1 with 11 percent, LGUs with four (4) percent, LRTA with three (3) percent, DPWH-PPPS with one (1) percent, and PNU with 0.09 percent share (*Figure 1*).

Sectoral Prioritization

Table 16 shows the top 10 priority P/Ps for the Infrastructure Development Sector. This includes the two (2) P/Ps from the DPWH UPMO-RMC1, particularly the Metro Manila Interchange Construction Project, Phase VI, and the Transport Road and Bridge Rehabilitation Project along EDSA. Phase VI of the Metro Manila Interchange Construction Project aims to alleviate serious traffic congestion and enhance transportation capacity and efficiency in the region through interchange/flyover construction, thereby contributing to the socio-economic development of Metro Manila and its surrounding areas. Likewise, the Transport Road and Bridge Rehabilitation Project along EDSA will help to improve the serviceability of the road along EDSA, reduce vehicle operating costs, and ensure optimum travel speed that results in significant time savings. This will also avoid frequent heavy road maintenance work. Another component of this project is upgrading the drainage systems in the

flooded sections which help to reduce vulnerability and strengthen resilience against floods.

Also included in the list of priority P/Ps is the North Luzon Expressway–South Luzon Expressway (NLEX-SLEX) Connector Road Project of the DPWH-PPPS. The project has approximately eight (8) kilometers of elevated 4-lane toll expressway extending the NLEX southward from the end of Segment 10 in C3 Road. The DPWH UPMO-BMC's three (3) P/Ps are also included which covers the biggest share with 41 percent of the total investment requirement. The improvement of roads and drainage in Valenzuela City by the DPWH-NCR is also included in the priority list. The P/Ps identified are responsive to the sector outcomes and strategies in expanding and upgrading the infrastructure stated in Chapter 13.

Table 16. Top Priority Programs and Projects for the Infrastructure Development Sector

No.	Title of P/Ps	Agency	Total Investment Requirement (Php)
1	Ensure Safe and Reliable National Road System: Construction of Flyovers/Interchanges/Underpasses/ Long Span Bridges Metro Manila Interchange Construction Project, Phase VI, (JICA, PH-P258)	DPWH UP-MO-RMC1	2,676,455,000.000
2	Ensure Safe and Reliable National Road System: Asset Preservation Program Transport Road & Bridge Rehabilitation Project along EDSA	DPWH UP-MO-RMC1	9,103,229,000.000
3	NLEX-SLEX Connector Road Project	DPWH-PPPS	545,130,000.000
4	Metro Manila Priority Bridges (DPWH-BMC) Seismic Improvement Project (MMPBSIP)	DPWH UP-MO-BMC	7,772,488,547.00
5	Metro Manila Bridge Project (MMBP) DPWH-BMC	DPWH UP-MO-BMC	12,044,738,287.62
6	Priority Bridges Crossing (DPWH-BMC) Pasig-Marikina River & Manggahan Floodway Bridges Construction Project (under China Government Financing Facility)-3 Bridges	DPWH UP-MO-BMC	17,718,059,526.00
7	New Centennial Water Source - Kaliwa Dam Project	MWSS	10,361,409,728.895

8	Bigte-Novaliches Aqueduct No. 7 Project (Angat Water Transmission Improvement Project - Additional Financing)	MWSS	3,708,191,700.246
9	Construction of Power Substation with Renewable Energy Source	PNU	95,000,000.000
10	Improvement of Road, Libis 1 & 2 (Phase 1), Barangay Canumay East, Valenzuela City Improvement of Roads and Drainage	DPWH-NCR	157,000,000.000
TOTAL			64,181,701,789.76

The Kaliwa Dam and Bigte-Novaliches Aqueduct No. 7 (BNAQ7) Projects of MWSS are also included in the list of priorities for the region. The Kaliwa Dam Project will address the impending water shortage and secure a sufficient water supply for the region, as well as the nearby provinces such as Rizal, Cavite, and Bulacan. The MWSS will also re-engineer the raw water conveyance through the construction of BNAQ7 which will improve the raw water transmission capacity.

Lastly, for the PNU to fulfill its mandate as the National Center for Teacher Education, the University implements its modernization program to include the construction of a power substation with a renewable energy source. This will distribute electricity to different buildings in the University and produce clean energy to help our environment mitigate the threats of climate change. This is a response to the transition to renewable energy and it signifies a crucial step toward realizing the region's vision of creating a more sustainable and resilient city.

Investment Program

WQMAs	Water Quality Management Areas

Glossary of Terms

Crime Incidence	The number of crimes reported as to index or non- index crimes within a given period.
Cultural Mapping	A valuable tool for identifying a community's strengths and its resources. This process can help as communities move into the planning and implementation phase by identifying early the resources, efficiencies and links between arts and cultural groups, as well as their common aspirations and values.
Disaster Risk Reduction (DRR)	The concept and practice of reducing disaster risks through systematic efforts to analyze and manage the causal factors of disasters, including through reduced exposures to hazards, lessened vulnerability of people and property, wise management of land and the environment, and improved preparedness for adverse events.
Educational Facilities	Refers to all physical properties of a school, consisting of the grounds, buildings, and the various facilities within the school and inside the school buildings as described by the Educational Facilities Manual of the DepEd.
ICT sector	Refers to those engaged in providing goods and services intended to fulfill or enable the function of information processing and communication by electronic means. The ICT sector includes telecommunications and broadcast information operators, ICT equipment manufacturers, multimedia content developers, and providers, ICT solution providers, internet service providers, ICT training institutions, software developers, and ICT-Enabled Services (ICT-ES) providers.
Index Crimes	Crimes sufficiently significant and which occur with sufficient regularity to be meaningful. Crimes which include the following: murder, physical injury, robbery, theft, and rape.
Information and Communications Technology (ICT)	Totality of electronic means to access, create, collect, store, process, receive, transmit, present, and disseminate information.
Informal Settler Families (ISFs)	Refers to the families living in housing units or facilities constructed on land that the occupants have no legal claim and constructed in danger areas, particularly those along waterways such as creek, rivers and esteros.
Low-cost Housing	Housing units that are affordable to low-income earners with loan amounts ranging from PhP 450,000 to PhP 3 Million, which is subject to review and adjustment at least every two years (HUDCC, 2013; BSP 2011; RA 8763, 2000).
MATATAG Curriculum	Refers to the revised and updated K-12 curriculum which is aimed to be implemented in 2024. This curriculum is based on the MATATAG Agenda of 2023 which serves as the DepEd's roadmap of deliverables and achievements to improve the educational sector of the Philippines. MATATAG means: - Make the curriculum relevant to produce competent, job-ready, active, and responsible citizens; - Take steps to accelerate the delivery of basic education facilities and services; - Take good care of learners by promoting learner well-being, inclusive education, and a positive learning environment; and - Give support to teachers to teach better.
Maynilad Water Services Inc. (MWSI)	The water and wastewater services provider in the West Zone of the greater Metro Manila area under a Concession Agreement entered into between the company and MWSS.
Non-Index Crimes	All types of crimes not considered as index crimes.

Person Deprived of Liberty (PDL)	A detainee, inmate, or prisoner, or other person under confinement or custody in any other manner, according to Republic Act 10757, otherwise known as the “The Bureau of Corrections Act of 2013”.
Socialized Housing	Refers to housing programs and projects covering houses and lots or home lots only undertaken by the government or the private sector for the underprivileged and homeless citizens which shall include sites and services development, long-term financing, liberalize terms on interest payments, and such other benefits in agreement with the Urban Development and Housing Act RA No. 7279.
Technical and Vocational Education and Training	Education and training which provides knowledge and skills for employment. TVET uses formal, non- formal and informal learning. TVET is recognized to be a crucial vehicle for social equity, inclusion and sustainable development.
Water Quality	The characteristics of water which define its use in terms of physical, chemical, biological, bacteriological, or radiological characteristics by which the acceptability of water is evaluated.
Solid Waste Diversion Rate	Activities which reduce or eliminate the amount of solid waste from waste disposal facilities.
