

NATIONAL CAPITAL REGION REGIONAL DEVELOPMENT INVESTMENT PROGRAM

UPDATED **F.Y. 2023**

Highlights and Overview

The Regional Development Investment Program for the National Capital Region (RDIP-NCR) 2023-2028 translates and operationalizes the strategies and targets of the Regional Development Plan - NCR (RDP-NCR) 2023-2028 into viable programs and projects (P/Ps). This is the accompanying document of the RDP-NCR 2023-2028 which contains the consolidated list of sectoral programs and projects (P/Ps) with their corresponding investment requirements from 2023 to 2028.

As part of the monitoring and evaluation of the investment plan, the Regional Development Council for the National Capital Region (RDC-NCR) spearheaded the annual monitoring and validation of the Regional Development Investment Program for the NCR (RDIP-NCR) 2023-2028, which involves the review and assessment of the reported number of P/Ps with their corresponding investment requirement vis-a-vis the actual number of P/Ps implemented and approved budget allocation.

The regional line agencies and state universities and colleges submitted their inputs and updates, particularly the actual and approved funding requirement as well as the status of implementation of P/Ps.

Investment by Sector

The RDIP-NCR comprises five (5) development sectors namely the Economic Development, Environment Development, Finance and Development Administration, Social Development, and Infrastructure Development.
